Lunarbaboon

I know how this story ends
DAVID
DAVID'S
PETS

And it's not happy

It ends with more responsibility

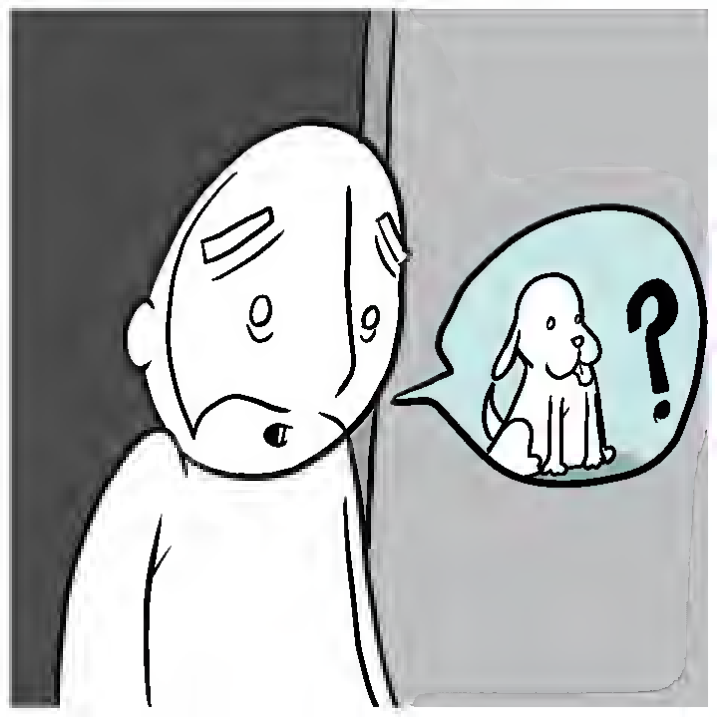
And more bills

It ends with me getting less sleep
AAW

And less time alone.

It ends with me caring about something

Something I know I can't keep forever.



I know how this story ends because I've lived it before.

And there is absolutely no way I will ever live it...
